Institute | Dubai, UAE | 2014

## ABOUT ME

I'm Mark — a designer and animator who's been turning ideas into scroll-stopping visuals for over 10 years. I love the details, thrive on teamwork, and believe great design should not only look good but make people feel something (and maybe smile, too).

**Featured in Little Black Book's "Uprising" series** — a global online platform for the advertising and creative industry.
